## NOVA | THE PLANETS: SATURN

Wednesday, August 7 at 9:00 pm

Over the past 40 years, a handful of space probes has given us glimpses of Saturn. But NASA's Cassini, which explored the gas giant's realm for 13 years, delivered the most breathtaking new insights. NOVA takes you inside Cassini's epic journey as it makes stunning discoveries.

## LIFE FROM ABOVE: MOVING PLANET

Wednesday, August 21 at 9:30 pm

Cameras in space capture footage of the greatest and most powerful movements on Planet Earth. New perspectives and innovative techniques illustrate the complex interconnectivity of our planet.

## SciShow TANGENTS

Podcast Pick! | [tinyurl.com/scipodcast](http://tinyurl.com/scipodcast)

Introducing the lightly competitive knowledge showcase from the geniuses behind the YouTube series SciShow. Every Tuesday, join Hank Green, Ceri Riley, Stefan Chin, and Sam Schulz as they try to one-up and amaze each other with weird and funny scientific research... while not getting distracted. There will be tangents about video games, music, weird smells, surprisingly deep insights about life, and of course, poop, but it always comes back to the science.

# DID YOU HEAR THE NEWS?

Our name has changed,  
but not our commitment to you.

Community Idea Stations is now **VPM**,  
Virginia's home for Public Media.

# VPM

We are now officially **VPM**,  
Virginia's home for **Public Media**.  
**Science Matters** continues  
its commitment to inspire our  
community to value science and  
to understand its importance to  
our future.

Find out more at [vpm.org](http://vpm.org)

## WHAT IS SCIENCE MATTERS?

**Science Matters is a multi-media educational initiative of VPM, Virginia's home for Public Media.**

Through our Radio, Television and Digital presence, we strive to inspire our community to value Science and to understand its importance to our future. We couple excellent national PBS and NPR content with compelling locally produced segments which feature community partners involved in exciting Science, Technology, Engineering and Math (STEM) activities in Virginia. Our community outreach events and our Science Matters Community Events Calendar are additional vehicles for engaging audiences of all ages in ongoing discovery and exploration of all things science.

## THANK YOU TO OUR SPONSORS

Mr. and Mrs. Joel Dugan, Kaléo Pharmaceutical Company, Science Museum of Virginia, Virginia529, Virginia Association of Science Teachers, Virginia Institute of Marine Science

**Major Funding provided by VCU Health**
